

**The meaning of service, Orange-style:** Take advantage of end-to-end support. We take the entirety of your project into account.

1

## A unique collaboration experience

Smartphone, tablet, PC, video terminal or Cisco Webex Board: enjoy **the same interface** on all your devices.

Communicate wherever you are and **switch from one device to another** with no interruptions.

2

## A seamless path

Use **Cisco Webex** smoothly with your **Orange\*** solutions.

Already have a solution? **Cisco Webex** integrates with your **pre-existing environment**.

\*Business Together as a Service, Business Together Communications, Open Videopresence

3

## An open, scalable interface

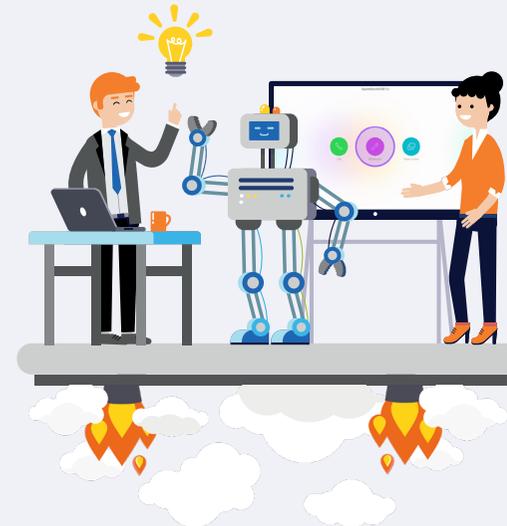

**Communicate** with all your internal and external contacts.

Integrate **Cisco Webex** into your APIs (business line applications) or make your life easier **with our bots** (personalized virtual assistants).

4

## Bring your ideas to life at our Open Labs

With our experts' help, **co-create** applications **suited to your business line's needs**.

Leave with **a prototype** you can test in real-world situations.
